Martha,

FYI

Please find attached our Spring Reg Agenda entries for OWOW's rulemakings (except WOTUS). For the most part, the bulk of our changes are dates (I have highlighted them in yellow). The VIDA entry had some additional changes, so I have attached the track changes version for your information. Looks like UNDS will move out the OW IO next week. Once signed, the rule will move to the completed section. We will update its abstract after signature as we expect the rule to be signed/published prior to the reg agenda.

The dates have been cleared by Brian, per John's request.

The plan is that Mindy will update the Reg Agenda entries in ADP Tracker upon her return tomorrow.

Thanks!

Tomeka M. Nelson
